

BIRTHDAYS, ANNIVERSARIES

For that special birthday or anniversary we will record the event for you and allow you to relax and enjoy your day/evening.

If it's an 18th/21st or even a 100th birthday, we will be there to capture the moment.

Similarly, if you are celebrating your 25th, 40th or 50th wedding anniversary (or anything in between), we will be on hand to take photographs to remember.

If the event is held at a restaurant, we would normally leave just before you start your meal, if there is dancing afterwards we can be there to capture those magical moments.

We like to take informal or candid photographs of the guests as we believe this the best way to capture the atmosphere.

Significant birthdays and anniversaries are when there is the opportunity to have generations together and photographs of these groups are popular requests.

Diamond Package - £350

(Particularly suitable for anniversary celebrations)

Initial consultation

Test shots
